Our cultural cornerstone

We strongly believe in the immense value our people bring, and we strive to create a work environment that fosters innovation, encourages collaboration and celebrates diversity. Through our shared commitment to excellence and inclusion, we strive to provide impactful solutions to our customers around the world.

Vision

Our vision is to create a connected world where you can live, work and thrive seamlessly. We envision a future where geographic barriers are broken down and talent can contribute regardless of location. By enabling seamless collaboration and overcoming traditional limitations, we aim to empower individuals and organizations to succeed in a connected, borderless ecosystem. Together, we strive for a world where opportunities are accessible to all, regardless of their physical location.

Mission

Our mission is at the heart of everything we do. We are dedicated to bridging the gap between leading technology companies and talented engineers worldwide. By leveraging our extensive network and expertise, we connect companies with the exceptional talent they need to drive innovation and achieve their goals. We believe that by bringing together diverse perspectives and expertise, we can create a global community where talent knows no boundaries.

Incorporating our mission and vision into our culture reinforces our commitment to excellence, collaboration and global impact. We believe that by aligning our actions with our mission and vision, we can have a significant and transformative impact on the world of technology and engineering.

Our guiding principles

Innovation that makes a difference

Our driving force is the desire to develop breakthrough technologies that directly change the lives of users around the world. We not only encourage the development of new ideas, but also recognize and reward them by creating an atmosphere that fosters creativity and forward thinking.

Promote diversity, cultivate collaboration, and Join Ekuity

We are proud of our multicultural team of highly talented engineers and researchers. We strongly believe that diversity is a catalyst for creativity, innovation and collaboration. Every idea, perspective and background contributes to finding the best solutions. With an open mind and a genuine appreciation for different perspectives, we harness the power of collaboration to tackle complex challenges.

As part of our commitment to diversity, equity and inclusion, we have an internal community called Ekuity. Ekuity actively raises awareness about the importance of diversity, equity and inclusion (DEI) in the workplace. It serves as a DEI ally, promoting a diverse and inclusive work environment aligned with the company's values. By fostering a culture of equity, respect, and belonging for all employees, Ekuity helps us create an environment where everyone can feel themself as they are at work. Join Ekuity and be a part of our journey towards a more inclusive future.

Our values

Our philosophy of working is guided by a set of values that shape our everyday actions and decisions as a team. Let's explore them!

Collaboration: *Leverage the collective knowledge*

We believe in the power of collaboration and leveraging the collective knowledge of our team. Through collaboration and effective cooperation, we harness the collective knowledge and find the best solutions.

Help others succeed: *If we all succeed… We all succeed!*

Mentoring and guidance play a critical role in our culture as we provide support, feedback and recognition of potential. Collaboration and teamwork are key as we work together to achieve common goals and celebrate success. We value empathy and open-mindedness and appreciate the success of others as if it were our own.

Can do attitude: *Yes you can!*

We foster an attitude of constantly learning, embracing new challenges, and seeking opportunities for growth. When we are proactive and solution-oriented, we can overcome obstacles and achieve remarkable results. We reinforce positive attitude and encouragement and empower each other to reach our full potential.

Diversity and open-mindedness: *Every idea, point of view and background count when trying to find the best solution*

Respect and inclusion are paramount to us, and we actively create spaces where different perspectives can be shared and heard. We strive to understand and learn from others, and practice active listening, empathy and openness. By allowing different ideas and perspectives, we foster innovation and find the best solutions.

Professionalism: *Strive to convey and adopt the highest level of work quality and ethics with customers and peers*

Professionalism is at the core of everything we do. We take responsibility and accountability for our actions and tasks, ensuring that we deliver high-quality work and adhere to ethical standards. Effective communication is critical as it promotes clarity, respect and a positive work environment. We believe in teamwork and collaboration and recognize the value of each team member's contribution.

Critical thinking: *Challenge the established order, form opinions and find solutions based on actual needs*

We value critical thinking as a means to foster creativity and effective problem solving. We encourage a problem-solving mindset, analyzing situations and developing optimal solutions tailored to specific needs. We value data-driven decision making and base our decisions on objective, evidence, and observations. We remain open to feedback and different perspectives, continuously improving our processes and outcomes.

Proactive engagement: *Step-up and lead with the example*

Proactive engagement is essential for driving progress and success. We take ownership and accountability for our work, consistently delivering the best possible solutions. Communication and collaboration are key, creating a safe and supportive space for raising concerns, proposing changes, and actively helping others. We emphasize continuous improvement while prioritizing our well-being to maintain sustainable productivity.

Entrepreneurship: *Use your own skills for the benefit of you and the company*

We encourage an entrepreneurial spirit within our team. Proactivity is essential, as we take the initiative to identify opportunities, propose solutions, and drive innovation. We foster a culture of continuous learning and improvement, actively seeking new skills and

proposing improvements to existing processes. We promote ethical practices and prioritize the well-being of our employees and customers.

This is our philosophy of working, which guides our actions.

Cultural Nuances

At Ekumen, we take great pride in our company culture, which is built upon a strong foundation of values that guide our actions and define who we are. In addition to our core values, there are several key attributes that are integral to our culture:

People first: We deeply value our Ekumembers and prioritize their well-being, ensuring a supportive and inclusive environment where everyone can thrive.

Professional growth: We are committed to fostering the professional growth and development of our team members, providing them with ample opportunities to learn, upskill, and advance in their careers.

Transparency: Open and transparent communication is at the heart of our operations, promoting trust, accountability, and shared understanding across the organization.

Flexibility: We recognize the importance of work-life balance and understand that flexibility in work arrangements leads to increased productivity, job satisfaction, and overall well-being.

Respect: We embrace and celebrate diversity, treating each individual with respect, dignity, and fairness, fostering an inclusive and harmonious workplace for all.

Remote first: We leverage the power of distributed teams, enabling collaboration and harnessing talent from all corners of the globe.

Empathy: We prioritize empathy in our interactions, striving to understand and support one another, fostering a culture of compassion and belonging.

Active feedback: We encourage an open and inclusive environment, where ideas, feedback, and perspectives are valued and freely shared, driving innovation and continuous improvement.

Positive environment: We cultivate a positive and uplifting atmosphere, where positivity, motivation, and teamwork thrive, enabling our employees to do their best work.

Continuous learning: We have a strong commitment to continuous learning and personal growth, providing training, mentorship, and a culture that encourages curiosity, experimentation, and knowledge sharing.

These attributes collectively shape our culture, creating an environment that inspires and empowers our Ekumembers to deliver exceptional results while enjoying a fulfilling and meaningful professional journey.

Our work philosophy

Collaborative learning & Intrapreneurship

We believe in fostering a culture that empowers our team members to take ownership of their work, think creatively, and make a real impact. Collaboration and entrepreneurship are key values that drive us forward. We foster common-interest groups, collaborate closely with external communities, and dedicate time to building consensus and gathering diverse opinions. Our mindset goes beyond what is currently available, focusing on what we could write and actively contributing to the growth of the company. We believe in the power of collective intelligence and aim for compound knowledge. Together, we create remarkable outcomes and embrace the excitement of innovation.

Connecting and Having Fun!

We recognize the importance of building strong connections and fostering a positive and enjoyable work environment. We encourage our team members to forge meaningful relationships, celebrate successes, and cultivate a sense of camaraderie. We believe that a supportive and fun-filled atmosphere enhances productivity and inspires creativity. Take a look at our Gaming & Connections Smooth Operation where we sync on ideas and events related to enhancing team integration, reinforcing an individual sense of belonging, and feeding community membership.

Open communication

We firmly believe that transparent and open channels of communication are essential for our success. We promote a culture where ideas and feedback are freely shared and valued, allowing us to foster collaboration, trust, and mutual understanding.

We encourage active listening, respect for diverse perspectives, and constructive dialogue. Together, we create an environment where ideas are heard, feedback is valued, and communication is transparent, ultimately driving our collective success.

Path ownership

We empower our employees to take ownership of their path. We provide opportunities for growth, development, and advancement, encouraging individuals to set personal goals and take proactive steps to achieve them. We believe in investing in our Ekumembers' professional development and supporting their aspirations as they progress in their careers.

Training 70/20/10

We embrace a comprehensive approach to learning and development based on the 70/20/10 model. We recognize that learning occurs through a combination of formal training (10%), experiential learning and on-the-job experiences (70%), and social or collaborative learning (20%). We provide a range of learning opportunities that encompass these different dimensions, allowing our team members to continuously expand their skills and knowledge.
